Presentations:

Presentations are carefully planned to allow swimmers to attend the presentation of their events. Our committee put a lot of time and care into planning presentations. We ask that you show respect for presentations by being on time when announced. Names will be called over the PA system. Managers, if a swimmer is not available for a presentation please send a replacement person preferably another swimmer of the same gender. Please note that for 200m events 8 to 10 year olds will be presented with their medals but 11 & over medals can be collected from the caravan. This is to avoid doubling up on presentations along with marshalling for 100m events.
